Tucked away in the Miller Park community with its delightful gardens and secure surrounds, this remarkable double-storey townhouse delivers an enviable inner-urban lifestyle of family proportions. Impeccably presented, the home's cavernous interior boasts four large bedrooms (three with built-in robes) complemented by two stylish bathrooms - one with bathtub, both with granite-top vanities. Adding to the allure is a study/retreat (upstairs) and simply enormous open living/dining area with double-height ceilings adjoined by a modern stone-bench kitchen with breakfast bar, soft-close cabinetry, quality cooking appliances and double dishwasher. Other stand-out features include split-system heating/cooling, new carpets and internal laundry facilities, plus a spacious backyard garden with paved entertaining area, secure entrance with intercom and two undercover parking spaces. Cafes and trams around the corner on Nicholson Street, it's also close to the East Brunswick Village retail precinct and popular schools (zoned to Merri Creek PS and Northcote HS) along with local parks and endless Merri Creek trails.
