'Serene' in name and nature, brilliantly conceived by Cera Stribley Architects, is a brand-new boutique complex by the Anniversary Trail, Yarra parklands and cafes where this beautiful luxury townhouse stands soaking up natural light peacefully towards the rear. Perfectly private and quiet, this flawless new three bedroom, two bathroom home is impeccably crafted showcasing high-end quality and style throughout a brilliant design seamlessly engaging its multiple east-facing outdoor areas. Immediately warm and inviting accentuated by wide oak floorboards and fluted timber highlights, the ground-floor layout is an open-planned oasis launched by a stunning streamlined kitchen that's every bit gourmet with sleek marble surfaces, Bosch appliances, integrated fridge/freezer and soft-close storage. A relaxing dining space extends to a full-width living area with marble-ledged storage where double-glazed stacker doors reveal a sun-drenched entertainment terrace and courtyard. Outstanding accommodation comprises three spacious bedrooms with custom built-in robes featuring an entire top-floor main suite with its luxuriously large dual-vanity ensuite (freestanding bath) and tranquil balcony with treetops views. Further is a chic contemporary bathroom and a European laundry while there's also split-system heating/cooling, video intercom, fitted storage, courtyard gas/water mains plumbing and two basement car spaces and storage cage with easy lift access. Peace of mind in a state-of-the-art milieu is at the essence of exclusive 'Serene' with its landscaped setting including residents' BBQ terrace. Surrounding are the lush green expanses of leafy Kew that make this first-class new townhome a sensational lifestyle opportunity only moments to Willsmere Village cafes, river walking trails, golf courses, High Street shopping, excellent schools, freeway and public transport.
