Presented with a fresh modern look that enhances its traditional charm, this gorgeous Federation-era residence offers a stylish and bright retreat that's been cleverly updated to suit today's family. It features a generous single-level layout with a flowing design, many retained vintage details and a tranquil garden oasis at the rear. This classic double fronted home is also very quietly tucked away in a peaceful pocket that's close to Ashfield's shopping strip, as well as a range of schools, parks and transport options to the city. Nestled in one of Ashfield's most sought-after tree-lined avenues. Light-filled layout features dining, living and entertainment spaces. Ornate ceilings, original picture rails and polished timber flooring. North-east facing backyard with private lawn and an alfresco patio. Side driveway access through to a lock-up garage at the rear. The renovated kitchen has sleek stone benches and gas cooking. Three double bedrooms, two modern bathrooms, internal laundry. Around the corner from bus transport and Ashfield Aquatic Centre.
