This stunning 4 bedroom (plus study) 2 storey family home is built on a tropically inspired 1010sqm block. Comprising of 2 living spaces, downstairs is an open plan lounge/living/dining leading on to a full length back verandah. Upstairs is an "informal" lounge room with French doors leading on to a 36sqm verandah in the treetops. The 28sqm workshop has a roller door and side access, perfect for the projects to be done in 2024. It feels like a resort once you enter the secluded tropical gardens via automated gates. You then meander along the various paths leading you to the family size swimming pool.
