Step into this fully renovated 4-bedroom, 2-bathroom haven that effortlessly combines style and convenience. Tucked away in a peaceful cul-de-sac, this gem is not only a visual delight but it sits on a big 727 sqm lot and is also close to all amenities. The heart of the home is the expansive open-plan living area, where a central kitchen steals the show. Stainless steel appliances, overhead cupboards, a dishwasher, gas cooktop, and stone benchtops make this space both functional and elegant. The master bedroom is a retreat in itself, featuring spacious walk-in robes and a sleek en-suite with floor to ceiling tiles. The minor bedrooms are adorned with plush carpets and two feature mirrored sliding door robes and the renovated main bathroom is also tile from floor to ceiling. Step outside, and you'll find a perfect outdoor sanctuary with a high gabled roof, ceiling fan, and an additional fireplace-equipped space for entertaining. However, the real standout is the colossal powered workshop with remote-controlled roller door access and side gates for added convenience. Added features include ducted reverse cycle air conditioning and solar power ensuring a comfortable temperature and reduced power bills all year round.
