The front of this house does not paint the picture - make sure you have a look through the 3D virtual tour to see what this offers. The three bedroom house features gorgeous, newly polished floor boards, a very large kitchen and good sized lounge. The kitchen exits into the laundry which in turn walks out onto a very cosy deck with ample space for family bbq's or gatherings. To the far back of the property you'll see the two-bay shed, workshop/sleep-out and amenities. Added Bonus: - Solar Panels - Two Water Tanks - Two-bay Carport - Fully enclosed under-house space - Concrete Stumps under house - Steel Stumps under verandah <https://my.matterport.com/show/?m=cQHf2TyerR> Property Code: 1602
