Luxury goes large, beauty goes big – this instantly distinctive home brings verve and vitality to family dimensions of outstanding appeal. Up to 5 bedrooms and 3 bathrooms highlight the capacity to accommodate everyone in a way that means each family member enjoys their own zone. The upstairs main bedroom's double shower, spa bath ensuite, the central bathroom's separate bath and shower and a downstairs bedroom served by its own ensuite emphasize the excellence. This design also brings everyone together beautifully throughout living and dining areas that are filled with light and feature seamless flow to extensive under-cover alfresco decking and elegant garden surroundings. The kitchen's walk-in pantry, dual ovens, stone benches and individual colour way confirm the combination of cool features and a warm welcome. Double garage. Desirable proximity to the water, Williamstown High School, North Williamstown station and shopping completes a coveted cul-de-sac scenario.
