Are you looking for something just a bit different to the normal home? 18 Vesta Lane is the answer to your search. Immediately upon entry, through a beautiful stained wooden door, you will notice the feeling of space that is a feature throughout the home. There are 4 spacious bedrooms which are all carpeted. The ensuited master bedroom has a large walk in robe whilst the remaining 3 bedrooms have built in robes. The home has a ducted air conditioning system that makes our tropical summers just so much easier to manage and it certainly makes working in the stylish, well appointed kitchen a breeze in summer. Speaking of the kitchen - what's not to love about the stone benchtops, 5 burner gas cooktop and the, must have, dishwasher to do the clean up for you. Open plan living consists of a dining nook opposite the kitchen and a much larger area for the lounge room that opens onto a family sized patio. Space is still top of mind when you see the Media room. There is plenty of room for all of your relaxation technology. A separate office is located close to the front entry so that you drop all of your work worries at the door. For car accommodation there is a double garage and also a separate attached single garage for an extra car or the weekend tinny. This single garage is accessed from the back laneway. All in all, a very special home. It is currently tenanted at \$800 per week. ***The vendors and/or their agents do not give any warranty as to errors or omissions, if any, in these particulars, which they believe to be accurate when compiled.
