Have you always wanted those priceless views from the comfort of your own home? Have you always dreamed of having those views from every level of your own home? If you have answered yes to both of these questions, then this property is for you. Let me introduce you to 18 Wangaratta Street in Richmond. Upon entering into the home, you are instantly greeted by the large two car garage (a rare find in the CBD!) which also features an abundance of space and internal laundry for your convenience. A short walk up to the very first floor takes you to the second bedroom, main bathroom which features a shower and a second living / study space. The second floor is an entertainers dream; a large open plan space provides you with a dining area that flows directly to the modern kitchen (featuring gas appliances) and a cosy lounge room that features an abundance of natural light all year round! The final level of this property is magical why? although the views are from every level of this property, the top floor will take your breath away - trust me. The bedroom is fully carpeted throughout and offers plenty of storage space to store all of your bits and bobs, the en-suite was definitely cleverly thought out as it's totally open plan and overlooks your very own private balcony perfect for capturing those sunsets, having plenty of morning coffees, reading a good book or even just taking a moment to yourself. This property is internet ready, has just been re painted throughout and will be one not to miss! Please get in touch if you have any questions and feel free to submit an application prior to viewing.
