Nestled in a prominent central location, this vacant block of land is ready to be transformed. Whether you're a developer or you're looking to seize a lucrative investment opportunity, this versatile block provides the perfect blank canvas with R2 Low Density Residential Zoning. The block spans approximately 632sqm, with a block frontage of approximately 15m & block depth of 48.18m on the right-hand side & 38.72m on the left. Please note that the property is not currently equipped with separate metering. Therefore, the installation of water and power connections will be required.
