It's rare for an opportunity to purchase in this complex has the benefit of being able to be purchased as an incredibly solid investment - or as an appealing "move in" consideration. With property prices seeing return on investment plummet this past couple of years - this 2 bedroom fully furnished apartment bucks the trend and has the new buyer rubbing their hands together. Features include but are not limited to: • 2 large bedrooms, both with uncompromised sea views. • Light and bright floor plan - Northerly aspect • Sleek modern kitchen with great quality appliances • Rare private entry into the top floor unit, negating the need to enter via the common doors • Open plan living with access onto the Northern balcony overlooking the city, water front and out to the West towards Table Cape Returning \$325 per week until October you choose whether you retain the apartment as an investment or move in and enjoy everything that apartment living is and can be, safe in the confidence that city living is what the future is all about.
