• It has everything! Four-bedrooms, three bathrooms, spacious open plan kitchen, dining and family room, that spill out onto the spacious tiled, covered, 'Italianate' patio area. (let the photos do the talking) • Ducted air, vaulted ceilings, built-in wardrobes. • Swimming pool with compliance. • 3 car 'American Barn' style garage • The Big Shed is 'to die for'!! Overall, it is 27 x 15 metres. Park 8 cars, your tractor, your caravan, your boat, horse float and more. It is fantastic to say the least. Excellent opportunity to establish permissible business from home. There is 3 phase power. • Only an inspection will give you the true feeling for the land; it is a perfectly proportioned five acres of lawns, trees and gardens and the home is set well back in a very private position. There is a small dam (pond) which could be well made into more of a feature. I encourage you to see this one. There will be no 'Open-House' as such. Inspections will be by arrangement. Please call me. I am Chris Wilkinson. I am available seven days 8am till 8pm. Ph. 0418 213 217
