Visionary architecture, robust industrial aesthetics and botanical aspects come together in this multi-level design to create a contemporary masterpiece that is grounded in nature. Designed to draw the outdoors in, the home features walls of glass and galleries of skylights that encourage natural light to stream through the interiors, with cork pendants, steel beams and polished concrete floors imaginatively incorporated in this bespoke creation. A majestic Norfolk Pine creates beautiful backdrops throughout, while a lush garden escape featuring a shower amid the palm trees awaits you outdoors. Nestled opposite Woomera Reserve, the home is placed just minutes to Little Bay village, Chifley Sports Reserve, secluded swimming bays, La Perouse waterfront dining and nature trails.
