Woodbury raises the concept of a beautiful family home to an exciting new level. Inspired collaboration by renowned firm Tim Stewart Architects and award-winning builders Antech Constructions, has triumphantly delivered with big impact this near new dream designer five-bedroom residence to the market. Woodbury was awarded the 2020 HIA custom built home of the year! An alluring contemporary façade subtly hints at the earthy palette of natural materials inside, where a soaring void and sculpted New Guinea Rosewood timber wall not only attract natural light but create an immense feeling of space and connection.
