The word that sums up this delightful property for LEASE is 'Bijou' a french term that is defined in the dictionary as 'a house that is small and elegant', or a 'jewel or trinket'. From its welcoming beautiful facade with its front verandah and lead light entry the early 1900's home exudes so much character and charm. The classic layout of wide central hallway with the 2 well proportioned bedrooms at the front and a combined lounge and dining beyond is beautifully balanced. Within these rooms are 3 original fireplaces that along with high ceilings, decorative plasterwork and gleaming wooden floors further enhance the original properties of this beautiful rental home. The compact kitchen, bathroom and laundry have been cleverly concealed at the rear of the house and there is some very smart storage ideas. The home sits on a 347sqm plot with the back yard being upgraded now for the new tenants private use. This preferred location offers a multitude of cafes, restaurants and designer shops plus it is within walking distance to parks, including ever green Hyde Park and is near to some excellent local schools and colleges. With a direct route to the City and Northbridge, this location is both vibrant and entertaining, as there is so much to see and do. This property is the perfect rental for the young Professionals, Couples or even the Executive working in the near by CBD and is not to be missed! So register your interest to view this property
