This modern, character-filled cottage will take your breath away, as it's quite deceiving from the front. There is plenty of room in the open kitchen. The crisp white tiled style and lovely lino timber floorboards will appeal to you. There's plenty of counter and storage space, as well as a dishwasher and an oven built in. With an attractive open plan layout, the dining room flows from the kitchen. It's ideal for hosting dinner parties with friends or hosting family dinners. The living room is cosy and inviting, with enough space to lounge and unwind. The three bedrooms are both comfortable and cosy, with carpeted floors. There is a lot of warm natural light. The house has an outdoor laundry area. With a covered area to add an outdoor atmosphere where you can enjoy a BBQ on those long, hot summer nights. A shed with a roller door offers up to two car spaces as well as extra storage.
