Auction \$900,000 - \$950,000

Ideally situated short walk to Gresswell Forest Reserve and central to Watsonia and Macleod Village shopping and trains, "Timaru" a neatly maintained two bedroom home combines comfortable spaces and classic features with the potential to take this home to next level living. On a deep 603m² allotment (approx.), this long-held timber home set back behind landscaped gardens opens with an inviting hallway that links a spacious lounge with brick surrounds on a gas-log fireplace to a country style kitchen with meals and additional sitting room. A central bathroom complements the double bedrooms and amenities that include an air-conditioner, ceiling fans and long side drive to a double tandem garage make this attractive home ideal for immediate living while exploring scope to stylishly renovate or build a brand-new luxury home (STCA). Perfectly situated in a community-minded location surrounded by parks, schools and LaTrobe University. Brett Schembri & Ash Lawson | Ray White Macleod
