Sitting on land of approximately 1116sqm in size and double brick in construction, both unique features in the modern day, this centrally located 3-bedroom property offers good size in rooms and allotment, along with the accessibility to the main CBD of Murray Bridge, whilst still being far enough away for a country living feel. Everything is large with this property including all the rooms, kitchen/dining area, shedding at the rear along with previous mentioned block size. It's solid in construction and priced for everyone's market. Properties are not lasting long in the "Bridge" so don't delay to purchase one of the most notable properties in town.
