From the moment you turn into what feels like your own private laneway, you will be drawn to the home's appeal. Presented to a high standard this 3 bedroom home on 540m² land is approximately 100m² larger than the average sized land within the 3 bedroom market. The Master bedroom is positioned away from the remaining rear 2 bedrooms, offering separate living spaces for both parents and kids to retreat for relaxation time. All bedrooms can comfortably accommodate Queen sized beds with BIR's and ensuite in the master bedroom. The front living room has plenty of space to accommodate the perfect lounge & dining suite setting. Centrally located, the kitchen overlooks the rear family room which can be enjoyed as one large space or broken into a family zone with a breakfast table. The yard has plenty of space for the family pet, play equipment and further landscaping projects including room for a pool. As a potential buyer you will appreciate the home's presentation along with the functional and thoughtfully planned layout, all on a large parcel of land for you to enjoy.
