Custom craftsmanship and an address with real cachet define this superbly appointed executive family residence. Built to accommodate the requirements of a growing family, three upstairs bedrooms, each providing WIR's, are serviced by a generous bathroom (tub/shower) two powder rooms and a large living room. Both the main bedroom, an impressively appointed adult suite, offering huge bathroom (soaker tub/shower) and dressing room, along with a further bedroom/guest room and powder room, are strategically situated on the ground floor. Enjoy meal prep in a kitchen with the enthusiastic home chef in mind - Miele appliances (ovens, dishwasher and induction cooktop), a brilliant butler's pantry and island/breakfast bar adjoin the relaxing open plan dining and lounge complete with ambient gas log fire. An ideal work-from-home office at the entrance contains built in shelving, while the enormous laundry offers loads of clothes folding space and storage. In fact, the sheer amount of cleverly integrated and capacious storage options throughout the entire house, ensure you'll never need a junk room! Bonus amenities include Zip tap and Blum Servo-Drive cupboards & drawers in the kitchen, ducted heating/cooling, covered all-weather alfresco terrace, established low-maintenance landscaped garden, double garage with direct home entry (plus driveway parking), security gate and fencing, video monitored doorbell and cameras.
