Welcome to 19 Jenner Street, a beautiful property situated in highly sought Wynyard in Tasmania. This delightful and well maintained home is a must-see for anyone seeking a peaceful and tranquil lifestyle, close to all the amenities you need. Just a short walk away is the town centre, featuring nearby cafes, shops, and restaurants. You can also take advantage of its close proximity to the river, offering plenty of leisure activities for you to enjoy. As soon as you step onto the property, you will appreciate the beauty of its established gardens and generous block with a rear outlook across to the hills. The avid gardener will appreciate the hot house and separate fernery, plus there is even a high set cubby house for the kids or grandkids to enjoy. Inside, you will find an open-plan living/kitchen area that has been extensively modernised and with the remainder of the home still paying homage to the seventies. The large master bedroom boasts enough space for a study or nursery, giving you plenty of options. The other two bedrooms offer plenty of natural light and both overlook gardens. The bathroom features a separate shower and bath, plus storage for towels. The separate laundry also offers generous storage with room for a chest freezer. Keeping the home comfortable all year round is an almost new reverse-cycle air conditioning system in the living room. The garage offers remote control roller door, plus a rear door opening onto the gardens. This brick home is an absolute delight and offers a lifestyle perfect for both young families and retirees alike. If you are looking for a home that is close to everything and still offers peace and privacy, this is the one for you.
