The stately entrance includes touch button locks, a wide hallway with built in glass shelving so you can add your personal touches and style with ease. The impressive kitchen comes complete with waterfall stone benches, gas cooktop, dishwasher and an amazing butler's pantry with more stone benches, plenty of natural light and a water point for your fridge. The air conditioned open plan living area has plenty of space to spread out and comes with the wall mount for the TV ready to go, and ceiling fans. The bedrooms are all quite separated from each other, the master suite is located right at the back and again is well appointed, with built in robe complete with custom shelving and gorgeous ensuite, with double raised basins, toilet on one side and shower on the other (no glass to clean!) The main bathroom is well in line with the rest of this stunning family home and includes a separate toilet, walk in shower and a lovely deep bath. The double lock up garage has remote and internal access and pedestrian access to the yard, easy care epoxy flooring and well as a huge separate storeroom with built in shelving and broom cupboard. The internal laundry has not missed out, it is also generously appointed, with a bank of storage along one wall, and built in cabinets to perfectly fit the washer, dryer and laundry baskets, with room for folding.
