Drawing influence from exotic villas across the globe, this sensational home manifests a luxury family lifestyle portraying resort concepts amidst lush greenery. It commands a level block adjacent to Niblick Street Reserve and the complete rebuild features soaring ceilings, double glazed windows with recycled hardwood frames, and polished concrete floors across both levels integrating hydronic heating. The soul of the home radiates in a rare display of artisan excellence, as its solid foundations are adorned with an inspired composition of hand-crafted surfaces, reclaimed materials and state-of-the-art appliances. The building is consciously designed with passive cooling in mind, fortified with additional facilities including three-phase power, 15kW solar and the whole-house water purifier. Four serene bedrooms include two with ensuites, there is a dedicated study, bathrooms and the powder room are divine, while common areas treat family and guests to a sumptuous experience of 'holidaying at home'. This is a profound vision of North Bondi living, enjoying all the perks of its vibrant coastal ambience, world-class hospitality, boutique shopping and the iconic stretch of sand and surf.Property Features:- Inspired collab composed by architect Mary Ellen Hudson- External recycled bricks & Shou Sugi Ban black cladding-TRecycled hardwood windows and doors, Moroccan tiles-TLight has etheric effect on Venetian plaster & Marmorino-Namazing house for entertaining & magical mood at night-Sublime open-plan living zone with effortless outdoor flow
