Offers over \$449,000

With colourful, tidy gardens and a welcoming façade, you are going to love coming home to 19 O'Callaghan Street! This home is well rounded and really does have something for every member of the family. The front of the home is shaded and cool making a wonderful spot for your morning coffee. Inside is fully airconditioned, fully security screened and offers a combination of tiles and carpet throughout. The lounge room is expansive and leads through to the dining room, which will make family time easy. The kitchen has views to the pool and has been refreshed with white gloss cupboards and generous bench space. All bedrooms are off to one side of the home and surround the family bathroom and separate toilet. Built-in cupboards and ceiling fans are in all bedrooms, while the master bedroom offers a walk-in robe and ensuite shower/toilet. Off from the lounge is a great multi purpose room with built in storage and a large aircon unit. This area would be the perfect spot to utilise as a playroom for the kids or as an additional sitting area. The connecting room would make a great office/study space and can be accessed from the carport through sliding glass doors. You won't struggle for storage space here, with double cupboards in the hallway and a laundry with two full walls of cupboard space! Weekend entertaining around the 6 x 12m pool is going to be a hit with friends and family. Tucked into the pool area is a garden shed and a stretch of grass while the remaining back yard is paved and low maintenance. The 5kw solar system will help keep electricity costs low and the house cool through Summer. This property is going to be a hit, and won't be on the market for long! Come along to a scheduled open home or call/enquire to arrange a private inspection. For those not in town, additional photos and a video walkthrough are available on request.
