Surrounded by quality homes in tightly held Olivers Road, this family home holds its own prestige. Upon entry it is evident that the property offers a floorplan that will appeal, highly functional and so spacious with loads of room for all.

Comprising two large living areas the formal lounge is beautifully appointed with double picture windows bathing the room in glorious natural light. Also, a central gas log fire and surround mantel that extends to full book casing, is just one example of the quality appointments throughout. The main bedroom is very sizable with a double hung sash window, an ensuite and large W/I robe storage. The consecutive bedrooms are spacious with BIR's. What is now used as an office was once the fourth bedroom, it could easily convert back, as it holds full BIR's and is of great size. Now, the kitchen, dining and family room, this is where a family really gets together! The kitchen is well equipped and offers ample cupboards, a W/I pantry, d/washer, 5 burner gas hob and a 900mm wall oven. The dining area just off the kitchen is bathed in natural light and overlooks the garden. Then, take a chair and relax by the wood heater while dreaming of summer looking out at the entertaining area and inground swimming pool. All this with fabulous wide access to a rear 12m x 6m shed /workshop. There are also 3x 9,000 L rainwater tanks for garden use and a fully automated sprinkler system. Block size is 1122m², what a beauty!
