\$400.00 per week

This 3 Bedroom home with a sleep out for extra space has just been painted throughout and new carpet as well. There is a nice large lounge room with separate dining room that is warmed during the colder months with a wood fire heater. To keep you cool during the summer time there are ceiling fans throughout the front of the home. Step outside in the large enclosed yard for some outdoor activities, and if you are needing that little bit extra room there is a block of land next door available at the rear for an extra cost. If you would like to inspect this property today please give Kerri Anne a call on 0432 649 274.
