Ushering in warm northerly light, this stylish and contemporary three bedroom, two bathroom residence is a prime pad in a sweet spot. Elegantly designed and open plan, flowing from northerly balcony to family room, dining domain and kitchen, it's smartly appointed. Wide and well-proportioned, the balcony beckons for relaxation and casual catch ups. A suite of stainless steel Smeg appliances and pale stone countertops gracefully appoint the kitchen, enhanced by good storage and attractive pendant lights. Restful bedrooms, each with a walk-in or mirrored built-in robe, include a main with a gleaming ensuite highlighting a large shower and wide stone-topped vanity. A central family bathroom, powder room, laundry, heating, cooling, gas boosted solar hot water, chic shutters and automatic double garage further impress. Extra natural light and ease is afforded by a corner position with only one immediately adjoining neighbour, and it's all just a stroll to Coburg Hill Shopping Centre, transport, parks and Newlands Primary School.
