Refined to bring a fresh and inviting aesthetic to a sweet Californian Bungalow, this stunning family home proudly boasts three robed bedrooms, two luxe bathrooms, a light-filled open conversion and a private outdoor entertainer's oasis. Beyond the storybook façade complemented by original leadlight windows and a gorgeous, landscaped front garden thanks to Martindale Gardens, the property also stars natural Blackbutt flooring, high ceilings and dazzling Rogerseller tapware. The extremely spacious design comprises an opulent monochrome kitchen/dining well-appointed in premium Bosch induction cooktop and dishwasher, two AEG electric ovens/microwave, ample soft-close cabinetry and generous waterfall island. Offering a seamless indoor/outdoor transition is the airy family domain that leads to a tranquil paved backyard featuring a firepit and overlooking an impressive cathedral exterior. Further highlighted by luxurious fully-tiled central bathroom and concealed dual-basin master ensuite. Add to this, split systems, double glazing, plantation shutters, utility shed, internal laundry and driveway OSP. With a sought-after address zoned to Preston High, it's moments to leafy Bracken Avenue Reserve, Miller Street shops, CBD-bound trams, Thornbury Station and quick admission into the lively High St precinct.
