New to the market in the popular suburb of Youngtown is this stunning contemporary home. Space is something this property has in spades, being situated on quarter of an acre of land, large bedrooms, extra wide hallways and tall ceilings. This home feels grand the second you walk through the door, and it is definitely an entertainers house with big living and dining spaces and an out door, covered area with views over Kings Meadows and to the mountains. You will have many nights out there with a wine watching the sunsets. The kitchen is a feature within itself being 6.9m x 5.6m in length and width and has a large walk in pantry to die for. The master suite is also stunning with an enormous en suite and walk through wardrobe. Another great feature of the property is the abundance of outdoor car space, with two inside car spots, a tall carport, perfect for a boat or camper van, and more space for a further four cars and a trailer outside.
