Trevor Grady of Tom Grady Real Estate is privileged to be offering this well loved home in sought after Bli Bli for sale. This beautiful, elevated parcel of land with an area of 1227m<sup>2</sup> is positioned high and dry with coastal views. The large, architect designed three-bedroom brick home was built by a builder for himself and built to last. Orientated perfectly on the block to catch the morning sun and the views to the east, this property is somewhat unique with its location, elevation, and design. The home is a split level construction with disability lifts via the staircases for easy access if required. The lower level has a studio with kitchenette and amenities and could be rented out or used as a teenager retreat if desired. For the plant lover there is a green house attached to the southern end of the home and a rainwater tank. The vehicles are kept dry and secure, locked up in the two bay garage and another single bay carport outside. The property backs onto native rainforest where an abundance of wildlife can be observed regularly enjoying the wilderness and tranquillity this block possesses. The vendor is reluctantly selling this piece of paradise and moving on.
