The house consists of three carpeted bedrooms, each with built-in cupboards, ceiling fans, and air-conditioners. The upstairs bathroom is equipped with a shower, toilet, and vanity. There is a large double sliding door linen cupboard for additional storage. Upon entering the house, you will find a sunroom at the entryway. The lounge room is carpeted and features a ceiling fan and air conditioning. The dining room is of good size, and the kitchen is spacious, offering ample storage space. It includes a ceiling fan, a dishwasher, and an electric oven. Heading downstairs, you will find a tiled laundry area with an additional storage cupboard and a second toilet. Outside, there is a small paved area beside the house, which houses a small rainwater tank. The property boasts a large family/rumpus room plus a potential fourth bedroom/ kids playroom or office. It features 2 ceiling fans and an air conditioner, there is potential to convert it into two separate bedrooms if desired. There is a second bathroom downstairs, complete with a shower, vanity, and storage cupboard. Additionally, there is a separate third toilet for convenience. An undercover outdoor area with power and a ceiling fan is available for outdoor entertainment. Attached to the undercover outdoor area is an undercover carport that leads to a single bay carport. The carport also offers storage and workshop space at the back of the shed. The house is equipped with solar power, providing energy efficiency and potential cost savings.
