Consisting of just over nine acres and located a couple of minutes drive out of town along the scenic Mount Shadforth Road, this stunning property truly does have it all. Hidden away among landscaped gardens and manicured lawns, the four bedroom home is presented immaculately, and enjoys a large country kitchen with an open plan dining and living area. Undercover decking runs up the entire northern side of the home, and leads to a double garage with workshop space. While another more private deck is located on the southern side and enjoys views of the grounds and Karri forest below. A large lock up shed with power is also available, while water is in abundance care of the three dams on the property. This sized acreage is very rare so close to town, and offers the luxury of living on a large country property, with all of the benefits of town just a couple of minutes away.
