\$1,000,000 - \$1,080,000

Period dimensions and details that remain entirely elegant and enticing are matched by modern spaces of renovated excellence throughout this highly desirable double fronted Victorian, a home that creates a mood of calm, an air of charm in a wonderfully convenient location. The traditional beauty of the façade introduces warmly welcoming spaces that commence with a classical arched hall featuring high ceilings, superb timber floorboards and decorative dado panelling. Three double bedrooms, including a main bedroom with a walk-in robe, surround a central bathroom that reflects the flair of its renovation in its fittings, finishes and feel. Beyond, bright natural light fills living and dining spaces of exceptional appeal, enhanced by reverse cycle heating/cooling and a built-in entertainment unit, while a kitchen equipped with stone benches and stainless steel appliances performs its role to perfection. A sunny courtyard backdrop where privacy and personality form an irresistible partnership is landscaped for low-maintenance ease and enhanced by integrated seating and a retractable awning. A Victorian that's kept pace with the times in the most engaging manner imaginable, walking distance from all the amenities that make Williamstown such a wonderful lifestyle setting.
