Best Offer Over \$580,000

This charming weatherboard residence is meticulously presented, boasting an array of features and wonderful views out across the valley and to Sleeping Beauty from the back deck, which is a perfect space for entertaining. Situated on a generous 2054m² allotment, every inch of space has been thoughtfully utilised. The property offers a sense of seclusion with ample distance from neighbouring properties and showcases mature trees rarely found on residential grounds. Originally constructed in the late 1940s, this home has undergone various upgrades, notably in the heart of the house is the kitchen. With its practical design, the kitchen features a separate oven and cooktop, abundant cabinetry, and a spacious central island. The separate lounge and dining areas exude warmth with the built-in fireplaces complemented by a modern wood heater. The king-sized master bedroom includes a sizeable walk-in robe and the second bedroom is a double size. The main bathroom offers both a separate shower and bathtub, while ornate ceilings grace most rooms, complemented by timber floorboards in the kitchen. A covered deck at the rear of the property provides an idyllic setting for year-round entertaining, overlooking lush gardens and a pergola-lined deck. Additional amenities include two garden sheds, two storage sheds, and a double carport for parking convenience. Situated just 10 minutes from Huonville and conveniently en route to Willie Smiths Apple Shed, this property offers easy access to Hobart, a mere 25-minute drive North. We invite you to explore the floor plan, attend our upcoming open home or to schedule a private inspection to truly appreciate all this property has to offer. Rates - \$1,600 approx p.a
