Spacious sanctuary of light and style
Brilliant first home or blue-chip investment opportunity, this double-storey townhouse is a winning choice either way with its impressive design elements, long list of features and super convenient location. On its own separately-titled corner block with no shared land, the home's luminous interior boasts two large bedrooms (extra-large main with WIR) both serviced by a stylish two-way bathroom with fully-tiled shower and additional powder room (second WC). Adding to the appeal is a dedicated study alcove and enormous open-plan living/dining area accompanied by a modern stone-bench kitchen complete with soft-close cabinetry and European appliances. Other stand-outs include a sunny terrace (from the living area), split-system heating/cooling, high ceilings, European laundry and under-stair storage, plus the added advantage of an undercover parking space (via Heather Avenue). Bus stop around the corner along with local cafes and parks, it's also close to Coburg North Village shops and a range of popular schools (zoned to Strathmore SC), as well as easy freeway access.
