Take a breath, immerse yourself in nature and enjoy the tranquillity of your surroundings at this extraordinary property. This beautiful lifestyle property is situated on twenty acres of pristine land with views across rolling hills to the coastline beyond. There is plenty of space to grow your own produce, establish an orchard and keep animals here, ideal for a hobby farm or even a bed and breakfast (stcc). The beautifully modernised family home has five bedrooms, an open-plan family living area, an updated kitchen, separate lounge room, sitting area and a delightful wrap-around verandah where you can kick back and soak up your surroundings. During the summer months, unwind and cool off in the stunning inground pool as you are transported to another place where every day is a holiday. As the temperature drops during the winter, head inside and cosy up in front of the wood fire in the lounge room. The property also boasts several sheds, providing additional storage or workshop space for your hobbies and projects. With a generous 76,000 litres of rainwater storage, you can embrace sustainable living and enjoy the benefits of pure, natural water.
