The front row of homes in Mystery Bay are often sought and rarely available so the opportunity to purchase this beautifully renovated home may be just for you. The home upstairs features a beautiful light living room with huge windows to take in the views of the beach, rocks and ocean. There is oak timber flooring throughout, air conditioning for year round comfort and access to the covered verandah. Large kitchen with lots of cupboard space, modern appliances and more views. Two bedrooms on this level and the master naturally enjoys the views too. A lovely three way bathroom with double vanity and spa and separate laundry with more storage completes the top level. Downstairs there is a third bedroom and living area as well as a second laundry with shower and toilet. There is lots of workshop and storage under the house and a huge 3 car garage. A 6kw solar system completes this beautiful home. We have obtained all information in this document from sources we believe to be reliable; however, we cannot guarantee its accuracy. Prospective purchasers are advised to carry out their own investigations...
