Springwood is a suburb of Logan City, Queensland, about 21km from Brisbane's CBD. Springwood is flanked on the west by the expressway leading to the Gold Coast, and by the Daisy Hill State Forest to the east. Springwood is a hub of activity, with a major bus station, hotels, large takeaway chains, two state primary schools, a state high school, a campus of Calvary Christian College, a public library, shopping malls, ambulance, fire and police stations and many places of worship. Most commercial activity in Springwood is based around the 'town centre' in the suburb's north-west, along with the Pacific Motorway. Its neighbouring suburb Daisy Hill State Forest is 435ha of open eucalypt bushland. It features horse-riding, mountain bike trails, walking tracks and a picnic reserve. The park is rich in native flora and fauna and supports a large koala population. There are numerous children's parks and restaurants in the area. Designed to provide space for harmonious family living, this home offers plenty of space on and a fabulous lifestyle for you and your family. *Important* Whilst every care is taken in the preparation of the information contained herein, L J Gilland Real Estate Pty Ltd will not be held liable for any errors in typing or information.
