****WATCH OUR VIDEO PRESENTATION**** Discover luxury living in this exquisite two-story haven, perfectly designed to cater to your every need. As you step inside, you'll be greeted by a welcoming interior showcasing an array of upscale features that promise to commence a new chapter of easy living. Two levels of uncompromised quality in conjunction with a functional floorplan complement the warmth and ambience that assails your senses as you move in to the first of two living rooms where a gas imitation wood log fire will be a wonderful welcome companion as you settle down for a quiet night in. Alternatively, meander upstairs to your second living area where the versatile space provides multiple styling and functionality options. Your kitchen is the heart of the home and boasting elite appliances including a Smeg 900mm dual fuel upright oven, Smeg dishwasher, and a sleek black Franke sink with gooseneck, pull-out tap will cater to your family and friends with ease. Stone benchtops with waterfall edges, soft close drawers and an abundance of bench and storage space complete the perfection. This is where memories will be made! Casual chatting flowing across the kitchen and into the dining area where the perfection of a wall of windows is completed by softly draping floor to ceiling, wave fold sheers. From here, step outside and take a dip in the regulation-compliant plunge pool, or fire up the BBQ for al fresco dining in your private oasis. Accommodation provides two master bedrooms ... one downstairs with a streetscape outlook and the other upstairs. Both master bedrooms enjoy the convenience of an ensuite and walk in robe. All auxiliary bedrooms are downstairs, one of which has built in robes and together with visitors to the home, share the family bathroom. Additional reasons you'll love the home are ducted heating, ceiling fans, LED downlights, plantation shutters, floor to ceiling tiling in the bathrooms, highlight window to the upstairs living, abundance of storage, laundry, double garage with internal access, epoxy finish to the garage floor, drop down attic style access to the garage roof, plunge pool and so much more you'll revel in upon inspection. This prime location allows you to enjoy the convenience of everything at your doorstep and easy access to main roads and freeway on ramps for an easy city/rural commute. With the train station, Sunbury's town centre, childcare and schools on your doorstep, you'll experience life with enhanced convenience and optimised liveability.
