**\$575,000**

Embodying a distinctive modern mood embodied by clean lines, generous volume and understated simplicity, this 2 bedroom domain has what it takes to be an excellent investment or young professional's purchase, taking pride of place in a parkland cul-de-sac joining directly onto James Alexander Reserve. Making a virtue of simplicity, open-concept interiors join living and dining across a cohesive, sun-swept space taking in light from North-facing alfresco windows which connect to the peaceful and private courtyard terrace. 2 well-sized bedrooms with built in robes are accorded 2 bathrooms, one being a private master ensuite. Functional aspects include stainless-steel appliances, oversized rainfall showers, ducted heating, lounge room air conditioning, garden shed and water tank. Situated among winding boulevards in a family-friendly pocket, live within metres of parks, schools, and Endeavour Hills Shopping Centre.
