Unfolding across two stylish levels with high-end finishes, relaxed living spaces and seamless indoor-outdoor enjoyment, this two-bedroom townhouse with its own frontage, own title and own driveway is now ready for you to own. Step beyond the chic timber door and be greeted by a sleek open-plan living domain that captivates with its engineered timber flooring, square-set high ceilings and excellent visual flow. A deluxe kitchen with a stone-topped island bench and quality stainless steel appliances accentuates the home's quality and aesthetic appeal, while a sliding door marries the fashionable interior with a private low-maintenance grassed courtyard. Two generous-sized bedrooms with their own luxurious fully-tiled ensuite bookend a central living area upstairs, while split-system heating and cooling, a remote single garage with internal access, guest powder room downstairs and no Body Corporate fees adds further appeal. Enhancing your standard of living is the prized location, which enjoys convenient access to the Darebin Creek Trail, Reservoir Views Primary School, Leslie Reserve, the Broadway shopping strip, Reservoir train station and the Metropolitan Ring Road.
