This red brick and tile home is beautifully presented and a real treat to show. On the level with its beautiful gardens and yet with superb river views from the lounge, kitchen, and dining. Laze back in the formal lounge by the heat of a reverse cycle heat pump and watch the Mona Ferry go up and down the river. The family/dining room is equally impressive with the same views and a second heat pump. The super sunny kitchen is very spacious and roomy with those fantastic water views, it is a pleasure to work in. The double bedrooms both have built-ins and are a very generous size. The bathroom with its large corner spa is all tiled and very modern, all of this is on the level with a magnificent private garden. You can sit back in the big, enclosed porch and read your favourite novel or greet your guests. Out the back is a lovely big deck perfect for summertime barbecues. This is an amazing property just waiting for someone to retire to, or a great place for a young couple or single person as well. Close to the bus routes, bike track, chemist, baker, doctor and even Mona. So please be fast and don't miss out. Call Neville on 0417 526 755 now for your private inspection.
