In the heart of Beaumaris' highest amenity locale, this secluded single-level two bedroom home has big beautiful bay-windowed living out front, all-day north sun across the rear... and schools, the bay and the station all within an equally easy walk! This sizeable home stars a classic courtyard-view kitchen, a clever bathroom with separate two-way entry toilet, and generous light-filled bedrooms - both with built-in robes. Further features include a split system air-conditioner/heater in the main living area, undercover carport, dishwasher, also a separate shower and bath, perfect for the whole family! Not far from Cheltenham's fast-transforming retail and rail strip, and a few minutes' walk to the beach, this hidden treasure has the location and amenities that renters love. PLEASE NOTE: Ducted-heating is not operational, nor included in this lease, where the control panel has been removed from the wall, with ducted-heating vents still visible onsite.
