With smart and stylish modern updates, the perfect low-maintenance layout, and a dream Hawthorn position so close to Yarra River parklands and Bridge Road attractions, this 2 bedroom elevated ground floor apartment also impresses with a generous entertainer's courtyard. Let's start outside with the large courtyard, which offers up a great space for outdoor dining and relaxing with friends, with an alfresco space this size rare for apartments of this nature. Striking modern flooring will grab your attention in the charming living zone, while the private kitchen is functional and has enough space for casual meals activities. Both bedrooms deliver built-in robe storage, with the one of the bedrooms flowing directly out to the courtyard. Other highlights include a contemporary bathroom, split system heating and cooling, secure intercom, and single garage. There are also only 12 properties in total in the boutique complex. Pridmore Park with off leash dog area will be your closest riverside park and is literally metres from your doorstep. You're also close to an amazing array of restaurants, bars, cafes, and shops on nearby Bridge Road, Victoria Street, and Glenferrie Road, Hawthorn West Primary School, St James Park, trams, and Hawthorn Station. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
