Secure one of these stunning upcoming two and three bedroom townhouses and you'll soon find you love your locale and lifestyle. With a selection of cafes at the doorstep and trams right out front, near East Brunswick Village and CERES Environment Park, they're also attractively zoned to Northcote High School. Select from three bedroom, two bathroom and two bedroom, one bathroom designs, each highlighting two outdoor areas including an entertainer's balcony or rooftop terrace. Open plan, they'll showcase designer style with light neutral palettes and attractive appointments and come complete with solar panels. There's so much to enjoy in the neighbourhood, but when it comes time to head to the city's heart the commute could hardly be simpler or faster.
