Adam Docking

\$590,000 - \$640,000

All the charm of retro 60's design is on full display here. Big north facing windows create a bright living space, with hardwood floors underfoot and classic black and white mosaic feature tiling in the bathroom. Two robed bedrooms occupy the hallway, separate from the living area, with split system cooling in place, and a car space allocated along the extended shared driveway. The surprise is a private al fresco area with a timber deck, bench seating and a brushbox fence – spacious enough to entertain in or sunbake on the weekend with a good book or playlist. The back of the estate gives you gateway access to Stephens Reserve, and onto Brentford Square, so you can walk to daily essentials from this top end position on Terrara Rd, with the 736 bus route out front to Blackburn station via Vermont South and Glen Waverley. Seven minutes' walk to Vermont Primary.
