Families looking for a sparkling new town home in the VSC school zone (STSA) can end the search here. Set at the back of just 2 on the block, the rear residence stuns with its beauty, space, and spectacular mountain views from the top level. What a joy to be able to wake up to The Dandenong Ranges to start the day from this gorgeous family sized town house. A substantial floor plan with 4 bedrooms (including a ground floor master with ensuite), 3 bathrooms and 2 living areas is matched by a double garage and a generous low-maintenance garden to assure you of maximum lifestyle and minimum upkeep. High ceilings, big windows, and engineered Oak floors offer contemporary class, with a stunning waterfall bench in the kitchen and top tier Italian Smeg appliances including a 5-burner wok cooktop. A full laundry close to the clothesline, under stairs storage, and Rinnai split system heating/cooling units add to the impressive credentials. Perfectly private in the back corner, and fully fenced for secure play, this polished package puts you close to Rangeview Primary, village shops, bus routes and Eastlink, a short drive to Eastland, Westfield Knox, Forest Hill Chase, and The Glen for some of the east's best shops, restaurants and entertainment.
