\$900,000 - \$950,000

Privately tucked behind a walled front yard, discover the expansive layout of this oversized unit. With such great accommodation, no shared land and a hidden garden bonus, this is one that truly stands out from the crowd. Be immediately struck by the proportions of the living and dining room which offers generous spaces for both relaxing and dining with loved ones. And the adjacent open plan kitchen is also ready to entertain guests offering plenty of cupboard and storage space for easy meal preparation. Zoned for privacy, the bedrooms include a king-sized master with a stretch of built-in wardrobes and a bright ensuite, while the second bedroom (robes) and a full bathroom are tucked away in a wing of their own. The large laundry gives access to the low maintenance rear courtyard and the lock-up garage, but the real highlight is an additional gated parking space wrapped in leafy gardens that can be adapted to suit your needs. Ducted heating and a split system are added drawcards together with new carpet and fresh paint plus a recently replaced hot water system and two new WCs. An easy walk straight down to the station & cafes and onwards to the beach, this prime position offers easy access to the highway for commuting by car and is across from reserves & Parkdale Primary School – PSC/MGSC zones. For more information about this supersized garden unit, contact Aidan Oke at Buxton Mentone on 0430 137 587
