\$635,000+ price range

One of only two on the block, this delightfully private home certainly offers a fantastic floorplan with generously proportioned living zones filled with natural light. Set well off Cavenor Drive, there is an abundance of concreted parking adjacent to the entry to the double garage, also leading to the front entry. Lower level comprises three well sized bedrooms all with inbuilt wardrobing, and two smart all white bathrooms, one being ensuite directly to the main bed. Also separate laundry offering internal access to both the garage and rear gardens. Up the stairs, the light and bright living zones offer plenty of space for functional family living with open plan dining leading to the lovely modern and well equipped kitchen, and then through to the lounge room. These spaces all enjoy delightful residential views, with the deck offering views of Ralphs Bay up to majestic kunanyi/Mount Wellington. Beautifully located and well presented – this delight certainly deserves your attention.
