This very spacious villa presents as brand new and is full of light, with living areas and courtyard on the north side. The absolute renovation has been meticulous with no stone unturned. All bedrooms have wardrobes and are very generous in size. All windows are double glazed, contributing to energy efficiency and peaceful living. All electricals and plumbing are new. The location is extremely convenient for a commute to Hobart, being the closest entry point to the Southern Outlet for the city commute. From here we are just a few minutes to Kingston central, Kingston Beach and as little as 10 minutes to Hobart City.
